PROFILE

React.js developer with 1+ year of professional experience building responsive web applications and Shopify embedded apps. Skilled in React, Remix, Next.js, JavaScript, REST APIs, GraphQL APIs, and reusable UI components. Passionate about writing clean, maintainable code and creating user-friendly interfaces. Quick to learn new technologies and committed to delivering scalable, high-performance solutions that enhance user experience.

EDUCATION

Silver Oak University
Bachelor of Computer Applications
CGPA: 8.66

Ahmedabad, Gujarat
Jun 2021 – May 2024

WORK EXPERIENCE

Creatpix Infotech

React JS Developer | Shopify App Developer

Ahmedabad, Gujarat
Jun 2025 – Present

- Contributed to the development and maintenance of multiple live Shopify embedded applications using Remix and React. Worked on projects including Lumos, AutoMinds, Checkout UI Extensions, and other client applications by implementing new features, integrating APIs, resolving production issues, and enhancing the overall user experience.
- Also worked on frontend applications using React.js, JavaScript, and Tailwind CSS. Built responsive and reusable UI components, integrated REST APIs, fixed bugs, improved application performance, and used Git/GitHub for version control while collaborating with the development team.

Softs Solution Service

React JS Developer Trainee

Ahmedabad, Gujarat
Dec 2024 – May 2025

- Worked on frontend projects during training using React.js, JavaScript, HTML, CSS, and Bootstrap. Assisted in building responsive web pages, creating reusable UI components, integrating REST APIs, and fixing basic UI issues while working on real project assignments.
- Learned React.js concepts, component-based architecture, state management, responsive design, Git/GitHub, and frontend development workflows.

SKILL

- React JS
- Next js
- HTML
- Tailwind CSS
